OBJECTIVE

Bradley Vilsaint aspires to be an ambassador to combatting cybersecurity threats by identifying, monitoring, and safeguarding risk exposures to critical data and digital infrastructures. He is a distinguished and evolving cybersecurity expert, given his extensive experience in Information Technology (IT), passion for coding programming languages, and acquired cybersecurity knowledge at Florida Atlantic University. With his IT background and proficient coding skills, his mission is to operate within established guidelines and industry-based security standards and frameworks to effectively detect and mitigate threats and vulnerabilities.
